

AILMENTS OF 12 YEARS' STANDING QUICKLY DISAPPEAR BEFORE AKOZ

Mrs. A. Altmayer, 3641 Jackson Street, Now Well After Taking Remedy.

Mrs. A. Altmayer, 3641 Jackson street, wife of A. Altmayer, former president of Congregation Ohabei Shalom, on Bush street, and bookkeeper for the Farnsworth Electrical Company, 549 Mission street, is rejoicing because she has recovered her health after suffering twelve years from rheumatism and kidney trouble. She gives Akoz, the wonderful medicinal mineral, credit for the change in her condition. Following is the statement given by Mrs. Altmayer's husband:

"My wife has suffered for twelve years from rheumatism in the back, shoulder and side. The pains at times

were excruciating. Kidney trouble, with its pain and distressing symptoms, during this period added to her suffering. The pains my wife had at times were so severe that she could not get out of bed in the morning. After trying many other remedies she decided to give Akoz a trial. She used Akoz compound and Akoz plasters, besides drinking the water. In two weeks she noted an improvement in her condition, the pains beginning to leave. Before two months of the treatment all the pains had left, her kidneys had become normal and she felt better than she had for years, satisfied that she was completely relieved of the ailments that had caused her years of suffering."

Akoz will also be found effective in treating stomach trouble, liver trouble, catarrh, ulcers, eczema, skin diseases and other ailments. For sale by all leading Oakland druggists. Phone, write or call the Natura Company, 112 Mission, Sutter 276, for further information regarding this advertisement.

WOULD ABANDON CAMPS ON WEST BANK OF CANAL

(By Associated Press)
PANAMA, Jan. 19.—General Clarence R. Edwards, commander of the Canal Zone, has cabled Secretary of War Garrison recommending the immediate abandonment of the military camps on the west bank of the canal at Las Cascazas, Empire and Culabra, on account of their inaccessibility. He advocates the appropriation of \$2,000,000 for a new huge and permanent concrete post for all troops, except the coast artillery, in the vicinity of the former canal town of Corozal.

WANT NON-COMPULSORY JURY DUTY FOR WOMEN

(By Associated Press)
SALEM, Ore., Jan. 19.—Representatives of a number of women's clubs of Portland appeared at a session of the House Judiciary Committee of the Oregon Legislature last night and urged enactment of a law permitting women to serve on juries.
Mrs. J. M. Buland, speaking for the women, declared they wanted the right to serve as jurors, but that they did not want such service made compulsory. To the objection of a committee member that such an arrangement would put sheriffs to great expense and labor in traveling long distances in country districts to serve summons, only to be informed that the woman summoned did not desire to serve, Mrs. Buland answered that such a law is in effect in Washington State, where it works smoothly.
Final action was deferred by the committee.

CENSOR FILM STORIES.
BOSTON, Jan. 19.—Only such pictures as would not offend a "New England conscience" may be shown in moving picture houses in this state on Sunday, Deputy Chief George C. Neal of the State Police, who are the official censors, said today.
The manager of a film exchange had complained that the story of Christ had been ruled out by the censors for Sunday exhibition because it represented a crucifixion in one of the scenes.

DESK R. SAN FRANCISCO

VEILED CHARGE IS MADE IN CONTEST

SAN FRANCISCO, Jan. 19.—Attorney Clayton Herrington, representing former State Senator Edwin E. Grant, who was recently recalled for his activity in passing the red-light abatement law, of which Grant was author, requested the senate investigating committee this morning to disregard all of the signatures to the recall petition. This action came as a surprise to the senatorial inquirers and it was received and placed on the table. In offering the motion Attorney Herrington said:

"I now move to exclude any and all testimony concerning the alleged signatures to the alleged petition and to disregard all the alleged signatures for the reasons:

"First—That the sheets which compose the alleged sections are not attested, as the constitution requires.
"Second—That none of the sheets on which there are alleged signatures contains a full and accurate copy of the title and text of the petition.
"Third—That none of the sheets in which there are alleged signatures bear the name of the county and city of San Francisco, in which the sheets purport to have been circulated.
"Fourth—That none of the sheets on which there are alleged signatures has attached thereto the affidavit of the person who secured the alleged signature to the same, stating his qualifications, and that the particular signatures attached to the sheets, were made in his presence.
"Fifth—That there are no signatures on any of the sheets which in fact do contain a full and accurate copy of the text and title of the petition, the name of the county in which it was circulated, nor the affidavit of the persons alleged to have secured such signatures."
"What is the pleasure of the committee in regard to this motion?" asked Senator Chandler, acting chairman.

"I move that we allow the motion to be made and that it be held in abeyance," declared Senator Carr, and it was so ordered.
There were a number of witnesses waiting to testify today, but the senators turned their attention to comparing fifty-seven signatures on the petition. Comparisons were made with the handwriting on the petition and that of the individual as it appeared on his registration affidavit. This proceeding took a great deal of time and had not been completed at noon. By that hour the senators had discovered twelve names on the recall petition which were not on the registration roll at all.
In all there were 2592 names on the petition to recall the senator.
By law there were required 3334. Attorney Isador M. Golden is appearing at the hearing for Senator Edward I. Wolfe, who was elected to Senator Grant's post at the recall election and whose right to sit in the senate is now being disputed.

Mrs. Greaves Fails to Appear in Court
SAN FRANCISCO, Jan. 19.—Neither Mrs. Rebecca Greaves nor her daughter, Miss Dorothy Seymour Greaves, whom the United States is seeking to deport to England, were present this morning when United States Judge Morris Dooling when the injunction proceedings were up for hearing.
Attorney John C. Catlin, representing the defendants, asked for a week's continuance, declaring that he desired to amend his complaint, and that objection was raised by the United States attorney.
Mrs. Greaves is the widow of a former auditor of the United States Steel Products Company and when entering this country declared that she was an American citizen. It is claimed that she was ignorant of the fact that her husband was not naturalized.

BRITONS TO GIVE UNITED BENEFIT PERFORMANCE
Under the combined auspices of the English, Scotch and Welsh societies of San Francisco, Oakland and adjacent towns, a grand benefit performance will be given on tomorrow night at the Grand Pavilion, Sutter and Steiner streets, San Francisco. About 3000 seats at fifty cents each have already been sold, and as the hall holds 7000 it is hoped to realize more than \$4000 for the fund, which is for the relief of widows and orphans of British soldiers killed in the war.
Such prominent professionals of Godfrey Price and Mme. Felicia Romanowska have tendered their services for the concert and there will be a company of seventy young children in English, Scotch, French, Belgian and Russian dances—all in native costume. Maori songs by native New Zealanders and stock whip feats peculiar to the Australian bush will be shown by "Salt Bush Bill," who has recently appeared before the British Royal family with his exhibition.
A band of Scottish bagpipers and a military company from the Sons of St. George will be in attendance. Fifty young ladies, dressed as Red Cross nurses, will act as ushers.

SUPERVISORS WRANGLE OVER RAILWAY PROJECT

SAN FRANCISCO, Jan. 19.—Enough hot words passed over the Church-street railway project in the Board of Supervisors yesterday to make a dozen duels in any really warm tempered country.
Four hours of wrangling, heavily charged with accusations, loaded with sarcasm and shot through with invective and retort, left the board in an apparently exhausted condition. The Church-street question, which is to be removed at 2 o'clock this afternoon, then to be fought out to a finish or be smothered in another grand explosion of words.
According to the Mayor, the Board is to stay with the question until it is settled. According to some of the Supervisors the board will never get anywhere with it as long as there is a gallery to listen to the orations.

KEEPING IN GOOD CONDITION
Many people suffer from indigestion and constipation and do not know it. A feeling of dullness and languidness, bitter taste in the mouth, headache, biliousness, nervousness, most of these conditions when you "are not sick, but don't feel right"—can be traced to sluggish bowels and torpid liver. Foley's Cathartic Tablets cleanses the system, arouse the liver, banish indigestion and make you "feel good all over"—light, energetic and ambitious. Sold everywhere.

DR. BURROWS STILL MISSING; WIFE RETURNS HOME

BERKELEY, Jan. 19.—Mrs. John C. M. Burrows (Virginia Pierce), has returned to the home of her parents, Mr. and Mrs. James M. Pierce, of Claymont court, but without her husband. Where Dr. Burrows is, against whom Walter Gamble, a well-known artist, brought charges of obtaining money under false pretenses, no one at Claymont court, the Pierce residence, was willing today to tell.
Mrs. Burrows, who was the former Virginia Pierce, arrived in Berkeley last evening and went at once to the home of her parents, where she had previously been for but an hour immediately after her secret wedding a few weeks ago.
"We want to talk matters over before we make any statement," said her father, "wherever he is, I do not know. I do not even know where he came from here, but it was probably from somewhere in Southern California."
Burrows and his bride are supposed to have met in Genoa, where Miss Pierce was studying music. The acquaintance during war days led to their marriage in Oakland in December. The bride did not inform her parents until after the ceremony had been performed. Recently Artist Gamble met Burrows through Mrs. Burrows, whose father, Mrs. Pierce, has studied with Gamble at Santa Barbara and Carmel. Gamble declared that he gave Burrows a \$400 painting and a \$500 certified check, receiving in return a thousand dollar check which later came back from the bank marked "no funds."

U. S. Vice-Consul at Nottingham Rejected
By Associated Press
NOTTINGHAM, Eng., Jan. 19, 1:30 p. m.—On account of letters written by him and published in a newspaper at Lincoln, Nebraska, John L. Cutright, newly accredited American vice-consul at Nottingham, did not take up the duties for which he came to this city, but returned to London. Cutright left Nottingham after he had been informed by the mayor and other city officials that he would not be acceptable as vice-consul because his newspaper letters were regarded as expressive of pro-German sentiment.
Before coming to Nottingham, Mr. Cutright served as American vice-consul at Coburg, Germany. While there he wrote the letters to which the Nottingham officials took exception. Mr. Cutright is a son of John Cutright, editor of the Lincoln Star, and formerly private secretary of William J. Bryan. The son, a graduate of the University of Nebraska, has been in consular service only a few months.

WILL BE SENT ELSEWHERE.
LONDON, Jan. 19, 1:31 p. m.—The British foreign office has no information concerning objections on the part of Nottingham officials to the assumption by Mr. Cutright of his duties at the American consulate. The American embassy would make no statement concerning the case, but it is said that if Mr. Cutright was not acceptable to the Nottingham authorities he probably would be sent elsewhere. Mr. Cutright is still in London and expects to return shortly to America.

MORGAN TELLS WILSON U. S. TRADE IMPROVES

WASHINGTON, Jan. 19.—Marked improvement in general trade conditions as affecting international exchange was reported to President Wilson yesterday by J. P. Morgan, who informed the President that the increase in American exports to Europe had greatly reduced the debt owed in Europe.
Morgan mentioned to the President the credit of \$12,000,000 recently established by the Russian government in the United States through Morgan's banking firm, and explained that there was to be no direct loan of money to the Russian government. On leaving the White House he said the arrangements for the credit loan "would go forward."

RUSSIANS MOVE WESTWARD.

By Associated Press
LONDON, Jan. 19.—A Petrograd dispatch to the Times says: "The Russian troops in Transylvania are actively westward. The mountain barrier is only a few thousand feet high and the climate is mild. The Austro-Hungarians were comparatively unprepared for the important successes of the Russians reported in the direction of Kimpelung and Jokobany. Russian military circles regard the occupation of Kimpelung as one of the highest importance, giving easy access to Hungary."

MINISTER HAS FUTILE JOURNEY; WIFE DIES
(By Associated Press)
THE HAGUE, Jan. 19.—The Count de Buisseret, Belgian minister at Petrograd, has reached The Hague after a roundabout journey from Russia, seeking news regarding the death in Brussels of his wife and the whereabouts of his six children. His wife was an American woman. The count's family remained in Brussels when the Germans occupied that city. Some time ago the minister received in Petrograd a message telling him of the serious illness of his wife. He at once asked the German government for permission to travel across Germany in order to reach his wife's bedside as quickly as possible. His request was refused, he said, and he was compelled to make the trip through Sweden and Norway, the journey occupying a fortnight.
On arriving at The Hague he learned that his wife had died several days before. He has now asked the German officials to send his children to Holland to join him.

FEDERAL TELEGRAPH URGED IN CONGRESS
(By Associated Press)
WASHINGTON, Jan. 19.—Government acquisition of all telegraph properties was advocated by the House postoffice committee yesterday by Representative Lewis of Maryland, author of a bill for that purpose and by Samuel H. Bell of Washington, D. C., representing the International Typographical Union.
Representative Lewis said the telegraph companies had pre-empted a profitable function properly belonging to the government.
Bell predicted that government ownership of telegraph systems, equipped also for telephone service, would cut message rates in half and reimburse the government within twenty years.

At Home for Philanthropic Works Is Held at Building.

Mrs. Mark Requa was the speaker at the home for philanthropic works held at the Y. W. C. A. building last evening. The occasion was the first of a series of similar affairs which will be held at the building during the month of January. Mrs. Requa, who is the president of the Y. W. C. A. of this city, presided over the program. During the afternoon a fine musical program was given. Thomas Frederic Freeman, contributing piano numbers, played a "Nocturne" by Chopin, and Mrs. Hanna Wolff Freeman, who is at present in New York, played a "Nocturne" by Chopin. This was followed by the singing of "The Star-Spangled Banner" by the Y. W. C. A. choir. The program was closed by the singing of "The Star-Spangled Banner" by the Y. W. C. A. choir.

MISS TARBELL IS SOCIAL OPTIMIST

Authoress Tells Relations Commission Working Conditions Constantly Improve.

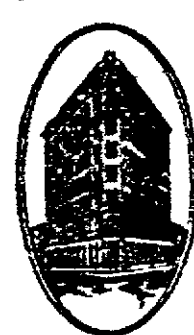

She advocated the scientific management of people and the establishment of an eight-hour day as panacea for labor troubles and a means of bettering living conditions of workers. Miss Tarbell, who is the author of the book "The History of the Standard Oil Company," was the guest of honor at a luncheon given by the Y. W. C. A. last evening. She spoke on the subject of "The Relations of Labor and Capital," and told of her observations of the conditions of the workers in the oil industry. She said that the conditions of the workers were constantly improving, and that the scientific management of people was the key to the solution of labor troubles.

POLICE ASKED TO SEEK MISSING MAY STANKEY

The police have been asked to assist in the search for May Stankev, 15 years of age, who disappeared from her home in Alameda last Friday, according to the report of her father, Joseph Stankev. The father fears that she has fallen into the hands of designing persons. The girl left home Friday afternoon to come to Oakland and has not been seen since. She was a pretty brunette, 5 feet 5 inches in height, weighed 120 pounds and when last seen wore a blue dress, black coat and a black hat with white feathers.

EXTENDING AID TO RELIEF SHIP CAMINO

By Associated Press. HALIFAX, N. S., Jan. 19.—The marine and fisheries department received a wireless message today stating that the steamer Lady Laurier had been since midnight alongside the Belgian relief ship Camino, loaded with supplies from California, and reported to be in distress 300 miles off this port. The message announced that the British steamer Kanawha would tow the Lady Laurier and the Camino to Halifax.

\$10,000 GEM IN STOMACH

DALLAS, Tex., Jan. 18.—Police here are holding James Williams, 17 years old, of Chicago, in the belief he swallowed a \$10,000 diamond, stolen from a downtown jewelry store. The store window was smashed by a brick. The thief seized a tray of valuables, including a lavaliere valued at \$7,500, a number of other jewels and the missing unset diamond, said to be worth \$10,000. Williams was captured after a chase. The lavaliere was found and other pieces of jewelry recovered along the pathway of his flight. Williams said he came from Chicago and had been unable to find work. None of the missing articles was found on him.

FUNERAL SERVICES FOR LATE MISS M. KEMBLE

The funeral of Miss Margaret Kemble, interpretative reader and musician, formerly of Berkeley, was held this morning at the Truman undertaking parlors of this city and the body was cremated at the Oakland crematory.

Miss Kemble died last Sunday in a San Francisco hospital after an illness of two weeks. Her demise came as a severe shock to her friends here as well as in San Francisco, where she played an important part in literary and musical circles. Several seasons ago she gave interpretative readings of the drama and modern operas, at domestic club functions and at private affairs, where she won laurels. She made a careful study of the opera, "Pelleas and Melisande," which she presented in the Colonial room of the St. Francis hotel.

The deceased was born in Marion county, Missouri, but came to California in her early childhood. She attended a girls' college, where she first took up the study of music. After completing her studies in the various schools and studios of California, Miss Kemble went to Europe, where she studied under the masters of the old world, since her return to California she made her home in San Francisco and opened a studio at 1111 Broadway street.

Miss Kemble is survived by her parents, Mr. and Mrs. Colten B. Kemble of Woodland; a brother, David Burr Kemble, and two sisters, Lucile Kemble and Hallie Kemble Kela.

UNMASKED BANDITS HOLD UP SALOON

SAN FRANCISCO, Jan. 18.—While heavy drays were passing loaded with freight on the way to the railroad yards and with a number of citizens on the sidewalk only a few feet away, four daylight robbers held up the saloon of Patrick Connolly, 625 Fourth street, at 11 o'clock this morning. There was no one in the place when the bandits appeared. They looked to be well-to-do working men and were unmasked. Hannigan had no suspicion, therefore, when they lined up along the bar. As he asked them what they would have one of them suddenly drew a pistol.

"Throw up your hands or I will pop you full of lead," said the man.

Hannigan complied instantly, was walked from his place behind the bar and shoved into a hallway at the rear, armed robber. The other three meantime searched the place, taking approximately \$50 from the cash register and a quantity of liquor.

Warning Hannigan not to leave the passageway for five minutes the bandits fled. The police were quickly notified and a half hour on the scene armed with descriptions of all four of the desperadoes.

PLUNGES FROM SCAFFOLD OF BUILDING, DYING

BERKELEY, Jan. 18.—In the collapse of a scaffold which he was about to ascend, Sidney Charlton, a laborer at the new postoffice building, received probably fatal injuries this noon. A portion of the scaffold fell upon Charlton, crushing him to the ground and fracturing his skull. He was attended at Roosevelt hospital by Dr. Robert Hector. It was believed that he had little chance for recovery. His residence is in San Francisco at 1243 Ellis street. Nothing is known of his relatives. This is the only accident of any kind which has occurred in the construction of the new Federal building at Milvia street and Austin way.

BEATEN; GETS DIVORCE

BOSTON, Jan. 18.—Mrs. Henry Ward Beecher was granted a divorce yesterday from a grand nephew of the famous New York divine of half a century ago. Mrs. Beecher, an attractive, 21-year-old woman, said her husband threw her down stairs, dragged her by her hair and was in the habit of pinching her.

SUICIDE BANKER HILL WILLS ESTATE TO WIFE

WOODLAND, Jan. 18.—James Silver Hill, Dixon Chamber of Commerce president, bank director and ex-University of California football star, who killed himself eight days ago and left a note saying that he had failed to make his bride of two months happy and could not win her love, wrote his will four days after his wedding, leaving his wife all of his estate excepting \$500. Requests of \$200 were made to his sister, Mrs. Joseph Hill of Dixon and Mrs. Frank Newman of Fairfield, and \$1000 to his niece, Miss Claire Newman of Fairfield. The residue, valued at \$35,000, he willed to his wife.

Hill's will was located yesterday through his bride, who is ill in a San Francisco sanatorium. A search of the home at Dixon last Friday failed to ascertain the whereabouts of the document.

ALLEGED CHECK PASSER FORFEITS BAIL BOND

Through the default of T. S. Petersen, the treasury of Alameda, is enriched to the extent of \$100 because of his failure to appear to answer a charge of passing a fictitious check amounting to \$27. Petersen pleaded not guilty in the police court and was held to answer in the superior court, where he was released on bonds.

H. L. Hansen, counsel for the defense, asked that the case be continued for two weeks in order to allow the bondsmen to locate the defendant, but Superior Judge Harris, sitting in the absence of Judge Gordon, was of the opinion that it would be better to forfeit the bail and issue a bench warrant for his arrest.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets. They "clear" the bowels and "perk up" the system. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, Ohio.

ASKS RETIREMENT OF LIFE SAVERS

Report of Service for Years
Deplores Lack of Remedial Legislation.

(By Associated Press)
WASHINGTON, Jan. 19. — There were 1476 disasters on the waters of the United States during the last fiscal year in which the life-saving service worked alone, according to its report today to Congress. The vessels involved carried 5295 persons, and the property was valued at \$4542,955. In 323 other instances the service worked in conjunction with the revenue cutter service or other agencies and took part in the rescue of 2691 persons from vessels valued at \$10,641,655.

The year's record, the report declares, was made "in the face of an unfortunate situation, a deteriorated life-saving service." It again urges upon Congress the need for legislation to provide for retirement pay for life-savers.

"It should be stated," says the report, "that if the present state of affairs is permitted much longer to go unremedied, it is bound to seriously impair the usefulness of the service, if it does not actually bring it into disrepute."

"To put the establishment upon a proper basis of efficiency, it is obviously necessary to provide for the retirement of the veterans still in the service and for filling their places, as well as the places now occupied by substitutes with the best type of watermen to be found on the coasts."

The report approves the bill pending in Congress to consolidate the revenue cutter and life-saving services into a coast guard.

"It is inconceivable," it says, "that Congress will allow the service to run down and lose its efficiency for want of legislation that alone will rehabilitate it."

In a general summary of its 42 years of existence, the service is shown to have figured in giving assistance to 23,121 vessels, valued with their cargoes at \$355,401,084, of which property valued at \$23,871,237 was saved. On these vessels were 178,741 persons, and only 1455 lives were lost, a less number, it is pointed out, than perished on the Titanic.

JOHN MUIR ESTATE VALUED AT \$250,000

Greatly to the surprise of his two surviving daughters the late John Muir, famed California naturalist who died in the Andes desert on December 24, left an estate valued at \$250,000, instead of about \$10,000 as first believed. Cash in the estate amounts to \$179,758.91.

Petition for letters of administration were obtained by Mrs. Wanda Muir-Hanna, of Martinez, and Mrs. Helen Muir-Funk, of Oakland, before Superior Judge R. H. Lathrop in Martinez yesterday. An original petition had been filed for probate of the estate and placed the probable valuation at \$50,000.

During the last few days, however, communications have reached the heirs from different banks to the effect that John Muir had large sums on deposit with them. An investigation brought to light that his estate would total a quarter of a million dollars.

Besides cash on deposit, the petitioners yesterday enumerated as other items of value in the estate a half interest in a ranch of 1200 acres at Balona, near Martinez, \$60,000; annual royalties of \$660 on his published books; manuscripts, for which publishers have offered \$2000; a home place of sixteen acres in the Alhambra valley, \$1000; pictures taken on Muir's recent visits to Yosemite valley and other California beauty spots, pictures for which publishers have offered \$250.

THROWN INTO JAIL. YOUTH TAKES POISON

SAN FRANCISCO, Jan. 19. — Humiliation weighing on his mind and despairing of regaining his liberty without facing some accusation of wrongdoing, George Wickman attempted suicide in a cell in the city prison at 7 o'clock this morning. He is alleged to have swallowed several poisonous tablets. How he came into possession of the drug is being investigated by Lieutenant Tobin, to whom no report of the affair has so far been made.

Wickman, a young mechanic, was arrested by Sergeant Healey and Patrolman Hewitson of the Southern station on suspicion that he might be connected with a certain crime in the south of Market district. He was lodged in detention on Sunday morning and as there is no charge against him he has seen no one. He was found groaning on the floor of his cell by a guard at 7 o'clock and hurried to the harbor hospital.

After treatment he was returned to the jail.

BOY IS ACCUSED OF VIOLATING MANN ACT

(By Associated Press)
ST. LOUIS, Jan. 19.—Lyman C. Robbins, 19 years old, who eloped to Memphis, Tenn., two weeks ago with Helen Hardy, his junior by four years, was ordered last night to appear before Federal authorities to answer to an information charging violation of the Mann act. The girl, who declares she is Robbins' bride, was taken to police headquarters and held without privilege of communication with outsiders. She is to be a witness for the government. It was stated Robbins and the girl were arrested at Little Rock, Ark., after the elopement, but were released when the girl's mother had been convinced that they had been married at Memphis.

Robbins, a military school pupil, until his elopement, is said to have been married previously in San Francisco. His father, who lives here, is wealthy.

WIDOW TO ADMINISTER DUNCAN MCKINLAY ESTATE

Superior Judge Wells yesterday named the widow of the late Duncan McKinlay, former congressman and collector of the port of San Francisco, as administrator of McKinlay's estate.

Judge Wells also named John F. Neville, administrator of the estate of his late father, J. P. Neville.

FIRE DESTROYS FLANT.
TRENTON, N. J., Jan. 19.—Fire yesterday destroyed the insulated wire department of the John A. Roebbling's Sons Company. Ferdinand and W. Roebbling Sr., secretary and treasurer of the company, estimated the loss at \$1,000,000. The insurance on the plant is estimated at \$750,000.

THIS IS A BAD MONTH
The indoor life of winter, with lack of outdoor exercise, puts a heavy load on the kidneys. Nearly everybody suffers from rheumatism, backache, pain in sides and back, kidney and bladder ailments. A backache may not mean anything serious, but it certainly does not mean anything good. It's better to be on the safe side and take Foley Kidney Pills to strengthen and invigorate the kidneys and help them do their work. They help rid the blood of acids and poisons. Sold everywhere.

HIGH SCHOOL STUDENT TURNS BANDIT; SHOT

(By Associated Press)
PORTLAND, Ore., Jan. 19.—Shot Saturday night in the act of trying to rob a candy store by E. C. Pangborn, its proprietor, an 17-year-old burglar, who died later, was fully identified today as Elmer Smith, son of F. E. Smith, captain and owner of a river steamboat.

Young Smith was found several hours after the attempted burglary in a vacant lot, wounded and moaning. He was removed to a hospital, where he sought by every means to conceal his identity. Even when told he must die he refused to tell his real name. After his death police detectives discovered his identity, starting with the youth's initials in his hat band and a street car transfer found in his pocket showing what district of the city he had come from.

Smith was a high-school student and prominent in athletics. No suspicion of wrong doing ever had arisen against him. When informed that the dead burglar was his son, Captain Smith remarked: "Well, if that's what he had come to he is better where he lies."

CHINA'S SCHOOL EXHIBIT A MARVEL

Installation of Large Vocational Education Display Is Begun.

SAN FRANCISCO, Jan. 19.—The republic of China, yesterday began the installation in the Palace of Education at the Panama-Pacific International Exposition of a series of school and college exhibits calculated to make the self-sufficient western pedagogues sit up and blink. China is making the largest school exhibit of any country outside of America, and much larger than most of our states—her display covering 7000 square feet, or one-sixth of an acre.

Simply and without ceremony the colors of Germany were raised in several of the exhibit palaces of the Panama-Pacific International Exposition yesterday.

The event marked the inception of work on the exhibit spaces that will contain the German display at the exposition. The construction work will be rushed to completion by the time the exhibits arrive. They are being brought to San Francisco on a steamer which left Rotterdam last Saturday and assurances have been given that every detail of the display will be in readiness for the opening of the exposition on February 20.

How museums of national history will be used as school laboratories will be shown at the Panama-Pacific International Exposition in the elaborate exhibit now being installed in the Palace of Education this week by the Field Museum of Chicago, of which Dr. F. J. V. Skiff, director in chief, of the exposition, is director. The work of installation of the exhibits, which will include many process displays and working models besides natural history specimens, is being rushed under the personal supervision of Stephen C. Simms, curator of the N. W. Harris Extension of the Field Museum, who arrived from the east Saturday.
